ICSPAH

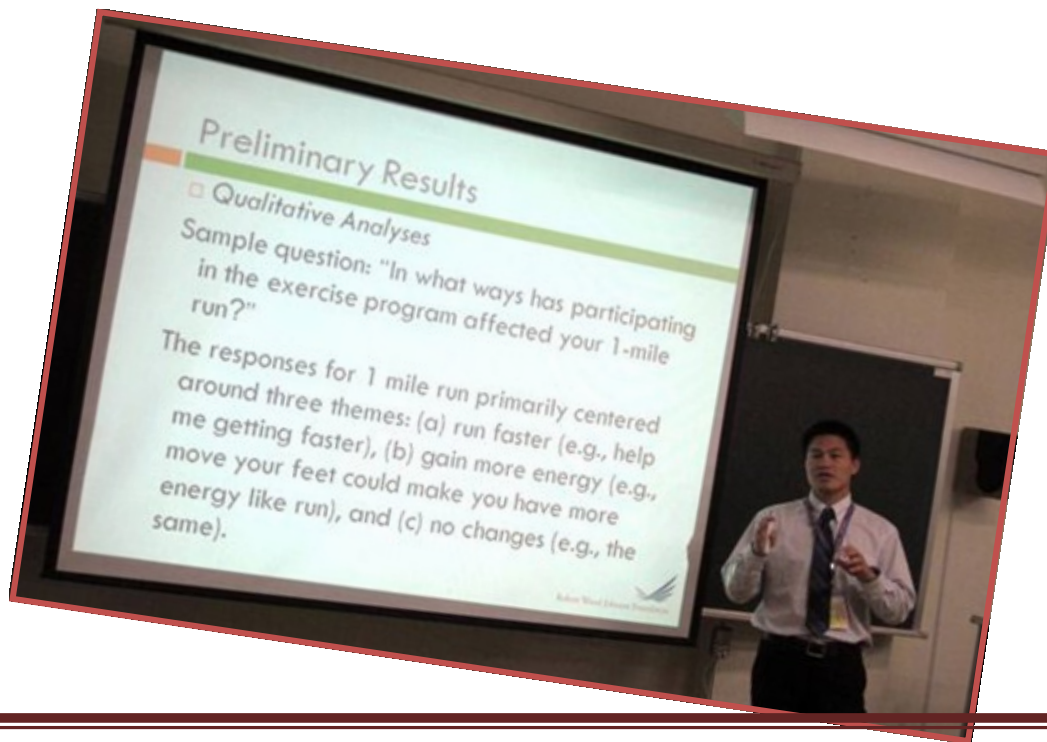

Summer lecture tour

Four ICSPAH professors, Dr. Li Li from Louisiana State University, Dr. Zan Gao from Texas Tech University, Dr. Hongwei Guan from Ithaca College, and Dr. Wenhao Liu from Slippery Rock University, visited Chongqing from June 12th to 16th, 2011. Specifically, Drs. Liu and Guan first delivered different topics regarding physical activities and health at Huxi campus of Chongqing University, followed by Drs. Li and Gao's lectures at the main campus. Their lectures had been well-received by both the students and faculty at Chongqing University, and they were busy with all kinds of questions from the audience after the lectures. To better facilitate the academic exchange programs between ICSPAH and Chongqing University, Dr. Li was honored as visiting professor of Chongqing University by the Vice President Chenguang Bai at the ceremony on 14th, whereas the other three professors were honored as visiting professors of School of Physical Education at Chongqing University. Meanwhile, Xiaobo Yan, Professor of Chongqing University, was appointed as the director of ICSPAH China southwest region office at the end of the ceremony. In addition, these professors visited Xinan (Southwestern) University during their stay at Chongqing. Drs. Li and Gao also delivered two wonderful lectures for a group of graduate and undergraduate students at Xinan University.

Representing ICSPA, Drs. Li Li and Zan Gao had presented keynote lectures and met with potential collaborators in Taiwan and Hong Kong during July 16 to July 20. Invited by Society of Chinese Scholars on Exercise Physiology and Fitness (SCSEPF), Drs Li and Gao has presented keynote speeches on July 16 morning during the SCSEPF's tenth annual meeting in Kaohsiung. Drs. Li and Gao's presentations generated enthusiastic discussions afterwards. Many participants of the meeting had expressed interests in ICSPA's work. Drs. Li and Gao had also presented keynote speeches at the International Conference on Sports Science in the evening of July 20, held at the Hong Kong Baptize University. Between the two meetings, Dr. Li had visited a joined research group at Taiwan Central University and Nation Taiwan University in Taipei. Dr. Li delivered an invited presentation on mutually interested research topics.

ICSPAH professors presented projects at ISCPES annual conference in Shanghai

The International Society of Comparative Physical Education and Sport (ISCPES) 2011 annual conference was held successfully from June 8th to 11th in Shanghai. Several ICSPAH professors made significant contributions to the success of this international conference titled “Physical education and sport: Challenges and future directions”. Among them, Dr. Xiaozan Wang (East China Normal University) was the principal organizer of the conference. With the assistance from the other colleagues from East China Normal University and West Virginia University, she managed to promote the conference attendees to a high record in the recent years. Drs. Zan Gao, Wenhao Liu, Howard, Zeng, and Hongwei Guan presented several quality projects, as well as presided various sessions at the conferences.

Report from Dr. Howard Z. Zeng

Invited by Dean Ji Liu, College of physical education and health, East China Normal University (ECNU), Dr. Howard Z. Zeng offered a series of lectures on the Spectrum teaching styles for physical education during May 26 to June 13 to the graduates in their physical education teacher education (PETE) program. Currently, Dr. Zeng has completed the translation for the book of *Teaching Physical Education (First online edition, Muska Mosston, Sara Ashworth, 2008)* ; Dr. Xiaozan Wang, the associate dean of the College of physical education and health, ECNU is proof reading the translation. The eventual goal for this cooperative project is aimed to produce one of the key teaching methods text book for the major of PETE in China

Thanks to those who have responded to the call for contribution, ICSPAH has put together its first volume of “Selected Member Research Publications.”

The volume included 14 publications from nine of our members. It covers a variety of topics that well represent the wide spectrums of expertise that ICSPAH members have.

We have presented this volume to the hosts of our lecture tour in Chongqing, conference organizers in Kaohsiung and Hong Kong Baptize University. It represents our members’ scientific expertise.

The volume can be ordered from Lulu.com at the cost of the production. We are proud of our members scientific achievements although ICSPAH cannot financially profit from this product.

**Message from
Dr. Yuanlong Liu:**

Dr. Liu took the Study Abroad Program students to from his University to Beijing and Inner Mongolia for two weeks. The trip was great and students have enjoyed the collaboration with the faculty and students in Beijing and Hohhot Inner Mongolia. Dr. Liu also had a chance to go to Zhengzhou and Jinan. He did two lectures there.

Report from Dr. Hongwei Guan

Dr. Hongwei Guan took a group of Ithaca College students (15) studied abroad in China with a colleague Dr. Nick Quarrier (this program has been created 4 years ago). They visited Shanghai, Chengdu, and Beijing from May 24th to June 7th. The students took some classes in Traditional Chinese Medicine, Massage and acupuncture, martial arts (Wushu) and calligraphy. They also visited some famous sites including Panda Reserve in Chengdu, Great Wall, Forbidden City, Birds Nest and Water Cube in Beijing.

Dr. Guan made two presentations - One in Beijing (May, 2011) and one in Shanghai (June 2011). The one in Shanghai was hosted by East China Normal University, which Dr. Xiaozan WANG did an outstanding work as the organizer and offered great service to our members including Zan Gao, Wenhao Liu, Howard Zeng and himself.

Dr. Guan also made two invited presentations at China West Normal University and Chongqing University.

He joined Dr. Li Li, ICSPA president, together with Drs. Zan Gao, Wenhao Liu, and visited Chongqing University and made an presentation.

In addition, Dr. Li and Dr. Guan also participated in an Academic Salon organized by China Sport Science Society. Dr. Li was the primary presenter and coordinated the activity.
